MORE MONEY FOR GOOD ROADS.

The present Legislature will put the good roads movement in Pennsylvania on a substantial basis. All hands are virtually agreed to this as a fixed proposition. That the cause of highway improvement in the State is retarded by conflicts in the Senate and House over various ideas as to methods, the Public Roads Committee of the two bodies will get together in an effort to codify the many measures that have been introduced.

The House committee in an informal discussion declared that this would be the best policy, and the members on the Senate committee are understood to favor it. An appropriation of $5,000,000 or $6,000,000 for the next two years, in addition to $5,000,000 yet available, under the Sproul-Roberts act of 1905, will probably be agreed on; also an increase of the staff of the state highway commissioner so as to carry on the enlarged operations under these appropriations.

LIKE OLD FRIENDS

THE LONGER YOU KNOW THEM THE BETTER YOU LIKE THEM. Doan's Kidney Pills never fail you. Allentown people know them. Read this Allentown case.

Mrs. Harry Doan's stood the test For many years.

It's local testimony and can be investigated:

Edwin Harwick, of 129 Lumber St., Allentown, Pa., says:—"My kidneys were much disordered about ten years ago. Pains settled in the small of my back shot up into the loins. There was irregularity of the kidney secretions, attacks of headaches and dizziness and when in bed there was a feeling of constant uneasiness. I used numerous remedies but failed to secure any relief. I was nearly discouraged when I noticed something in our local papers about Doan's Kidney Pills curing others, and I got a box at Peters' drug store. I very soon noticed an improvement and after taking the pills for a short time I was entirely cured. I gave a statement to this effect in 1897, and it gives me pleasure to repeat what I said at that time. The past seven years have proved that the cure was a permanent one, as there are no further complaints having occurred during that period."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

ENGINEER CRUSHED TO DEATH.

SILAS H. BURKE OF READING KILLED NEAR MAUCHUNK.

Silas H. Burke of Reading, engineer of a P. & R. freight train which left East Penn Junction last evening, was killed at 10.30 o'clock at Cherry Ridge, between Kunkle and Mauchunk. He had decided stopping at the water tank at that place. He pulled past the tower and then backed his engine to the tank. His head was caught by huge timbers which were formed from the leakage of water, and squeezed against the cab of the engine, crushing his skull. Mr. Burke died almost instantly.

Coroner Bein made an investigation this morning and found an inquest unnecessary. The remains were taken to the deceased's home at Reading. Mr. Burke had been in the employ of the Reading Railroad a number of years. He leaves his wife.

Covers will be laid for 40. It will be a very elaborate affair, manufacturers affair and those fortunate in receiving invitations prize the same highly and look forward to a delightful evening. The firm's partners in the silk importing business in New York, together with a representative of each of the Allentown banks, will also be present.
